Resource List for Psychosis REACH Trainees

In collaboration with our University of Washington (UW) Family and Caregiver Advisory Board and the Psychosis REACH Family Ambassadors, the [UW SPIRIT Lab](#) has compiled resources for Psychosis REACH Trainees.

Podcasts & Apps

Chad Chats Podcast: Discussion on Mental Health: On episode two of this podcast, guest speaker Elyn Saks (from the Saks Institute out of USC) talks about involuntary treatment and the Mental Health Advance Directive. <https://www.chadslegacy.org/chad-chats-the-podcast>

Conversations about Mental Illness Podcast: Featuring conversations about Mental Illness from WOUB-AM's weekly community talk program. Monthly topics include interviews with specialists on Schizophrenia, PTSD, and other mental illness topics. Some of these specialists are doctors, researchers and writers, often the greatest insight comes from those who suffer from mental illnesses. <https://www.stitcher.com/podcast/conversations-from-studio-b-on-mental-health>

COVID Coach App: The COVID Coach app was created to support self-care and overall mental health during the coronavirus (COVID-19) pandemic. COVID Coach is available in English and Spanish. To switch the language, go to the Menu > Personalize, and then select the language using the picker at the bottom of the screen. <https://mobile.va.gov/app/covid-coach>

Finding Joy Podcast provides a first-hand experience of what it is like being a single African American woman who was diagnosed with schizophrenia at the age of 21. Within these podcasts, I am providing my first-hand experience of what it is like living with schizophrenia, how I cope and how I find joy through it all. <https://anchor.fm/findingjoy>

Healing Minds NOLA: Website of an advocacy agency in New Orleans, LA, that sponsored a webcast series on topics related to SMI in 2020. The archived videos and biographies of speakers are available through the website, which also includes articles of interest to SMI advocates. <https://healingmindsnola.org/zoom-cast-2020-focus-on-serious-mental-illness/>

Hope on the Other Side of the Door podcast is a passion project by Dr. Ken Campos MD, DFAPA. Dr. Campos is on a quest to help caregivers of mental illness family members, specifically schizophrenia. After 25 years of helping patients, he became compassionate about helping the caregivers and family members that cope daily and wanted to provide a community to get them support. <https://hopeontheotherside.libsyn.com/>

Inside Schizophrenia is a podcast by people with mental illness for people with mental illness. Each episode looks at life through the unique lens of people living schizophrenia and psychosis. The podcast is hosted by Rachel Star Withers with Gabe Howard. Check out the episode on Psychosis REACH! <https://www.pbs.org/video/stories-mind-inside-schizophrenia/>

My Mental Health Crisis Plan: The app provides an easy, step-by-step process for individuals to create and share a psychiatric advance directive (PAD). A PAD is a legal document that includes a list of instructions and preferences that the individual wishes to be followed in case of a mental health crisis, should they not be able to make their own decisions. <https://www.samhsa.gov/newsroom/press-announcements/202010010505>

Additional free smartphone apps for a range of challenges can be found on the Veteran's Administration app store: [VA App Store](#) | [VA Mobile](#)

Care Concerns

A Guide to Obtaining Insurance for Mental Health Care: This guide provides information on how to obtain insurance plans to access affordable mental health care. It includes information on common insurance terms, how to understand your insurance policy, as well as things to keep in mind when selecting a mental health care professional. <https://www.moneygeek.com/insurance/health/navigating-mental-health-care/>

Health Insurance Case Management: Public and private insurance companies provide case managers when an individual's care becomes complicated and/or expensive. An agency might initiate case management, or individuals and families can request case management if accessing appropriate and medically necessary services becomes difficult. Each insurance company or managed care agency will have its own protocol for requesting case management--contact provider.

US Federal regulations regarding information about HIPAA compliance and behavioral health considerations: A place to seek information about what information sharing is allowable under federal privacy laws when an individual is incapacitated due to SMI or substance use disorder. Includes a section with information for families of youth. <https://www.hhs.gov/hipaa/for-professionals/special-topics/mental-health/index.html>

Understanding the Intersection of Mental Health and Criminal Justice

Mental Health America: In order to reduce involvement, support those who need services, and promote fairness throughout the criminal justice system, leaders in the mental health system, law enforcement officers, public defenders, prosecutors, court personnel, advocates, legislators, and others in the criminal justice system must come together to create a system that will improve outcomes for all.

<https://www.mhanational.org/issues/mental-health-and-criminal-justice-issues>

Policy Research Associates: a national leader in behavioral health and research that is a trusted source of high-quality research, training, and programming. While not exclusively focused on the intersection of the behavioral health and criminal justice systems, PRA does a lot of work in this space and includes resources for consumers and family members. <https://www.prainc.com/>

Treatment Advocacy Center: a national nonprofit organization dedicated to eliminating barriers to the timely and effective treatment of severe mental illness. The Center culls information about mental health policy and the criminal justice system. www.treatmentadvocacycenter.org

The VINE system allows family and caregivers to search for information regarding the custody status of their loved one and to register to receive telephone and email notification when their custody status changes. <https://www.vinelink.com/>
